## UNIQUE ADDITION FOR YOUR TERRACE

Climax external awnings are suitable for family home terraces, cafe and restaurant gardens and apartment balconies. It will reliably protect you and your terrace from the sun. You can find both cassette and folding-arm awnings in our offer. Everything made to measure and with a 4-year warranty.

# CLIMAX AWNINGS

- the most common way of shading terraces of family houses, balconies, front gardens of cafes and restaurants
- creates a pleasant shade on hot summer days
- prevent the sun rays from penetrating the interior of the house
- protects garden furniture from the effects of sunlight and therefore prolongs its life

## Basic types and designs

### Cassette awnings - Scrigno, Prima Box, Noveta Box, Segno, Cassette

- differs in the size and shape of the box in which the cover fabric is hidden

Scrigno

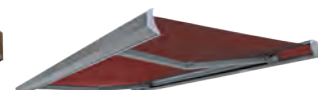

Prima Box

Noveta Box

Segno

Kaseta

### Folding-arm awnings - Prima T, Noveta plus, Klasik

- the fabric is not protected by a box, but the awning can be supplemented with a rooflet or a roller valance, which prevents the rays from penetrating under the awning when the sun is low

Prima T

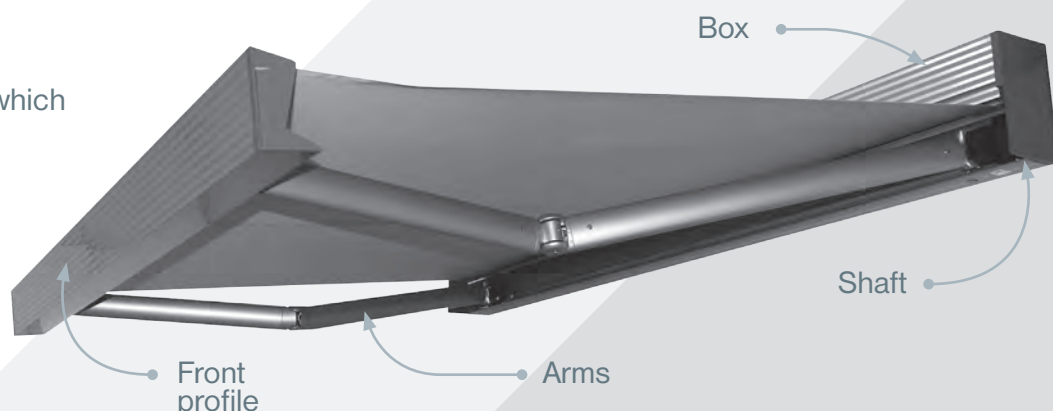

Noveta plus

Klasik

## Construction

The awning consists of a shaft which may be, according to the type of awning, hidden in a box. Folding arms provide the awning's extension, the fabric of the cover is stretched on the front profile.

## Installation options

Awnings can be anchored to the wall, rafters or ceiling.

## Control types

Manual - crank with gearbox

Motoric - electric motor 230 V with the possibility of control with:

- switch
- automatic control
- remote control
- smart mobile device (Tahoma system)

## Accessories

The motor awning can be supplemented with a sun/wind sensor, rain sensor or a shock sensor. Sensor automatically, depending on the weather, gives the command to retract/extend the awning.

## Fabricks and covers

In our collection you will find more than 100 different colors and patterns of acrylic fabrics, which are characterized by color fastness and durability. Fabric impregnation helps to repel dirt, water and prevents rot and mold.
